SUMMERCAMP-2022(21st MAY-31st MAY)

The summer season has set in and with the onset of this season, begins the wait for the summer holidays. These holidays not only provide us the time to visit new places and relax but also the perfect opportunities to learn new skills and also to indulge in activities which time doesn't permit in normal course of the day.

Having said this, Shri Ram Global School, Lucknow brings the 'Summer Camp' which would include set of activities, varied forms of art and learning oriented workshops which would give wings to creativity and satiate the inquisitiveness of the eager minds and add to their developing range of skills. The camp promises to hold something for everyone right from the curious young souls to the enthusiastic mothers who go by the maxim- "It's never too late to learn".

We have engaged renowned and expert trainers as mentors for various activities from all over the city who would ensure maximum utilization of the lazy summer days with their proficiency at their art.

Summer Camp will be held in Shri Ram Global School campus from 21st May Saturday.

Registration begins from 12th May, 2022 and would be on 'First Come First Serve Basis'. Interested children, mothers and fathers could register for the Summer Camp by submitting the 'Summer Camp Registration Form' duly filled along with the registration amount to their respective class teachers.

Forms are also available at the School reception and School Facebook Page. The time table of activities structured in detail is attached with this circular. Kindly note that buses/vans will ply as usual for the Summer Camp.
